August 2007

COST ALLOCATION PLAN FOR INTEREST EXPENSES ON HIGHER EDUCATION FACILITIES BONDS

FISCAL YEAR 2006

This document supports the Cost Allocation Plan for State costs incurred specifically on behalf of, and in direct benefit to, the public higher education institutions of Ohio. This plan is limited to special obligation (lease-rental) bonds for higher education facilities issued by The Treasurer of State (previously issued by the Ohio Public Facilities Commission) and general obligation bonds for higher education facilities issued by the Ohio Public Facilities Commission.

The State of Ohio provides funding for capital projects to higher education institutions by issuing Higher Education Facilities Bonds. The debt and the associated interest expense are recorded on the financial records of the State of Ohio and do not appear on the records of individual institutions.

The attached schedules calculate the amount of allocable interest expense incurred by the State of Ohio on behalf of the State's institutions of higher education. The Board of Regents has provided these interest allocations to the institutions. It is left to the individual institutions to further allocate the interest expense which is allowable to the specific projects and include the appropriate costs in their indirect cost rate proposals.

The methodology used in determining the allocable interest was to identify the interest expense for fiscal year 2006 with the respective bond series which generated the expense. Only interest for bond issues during FY 1981 and subsequent years is included in the Cost Allocation Plan. The year 1981 was chosen as the earliest period for allocating interest expense as OMB A-21 allows interest expenses for buildings acquired or completed on or after July 1, 1982. It is reasonable to expect that buildings under construction and being funded during 1981 and 1982 were completed after June 30, 1982.

Many bond issues both financed current capital projects and refunded older debt. To adjust for refunded debt, the interest expenses by bond issue are first allocated among fiscal years according to the relative share of current and refunded debt attributable to the original issue. The allocations are described in Tables 1 and 2.

The interest expenses by bond issue are then allocated to the fiscal year during which the proceeds were distributed, under the assumption that disbursements from the fund did not vary significantly from month to month. The year's interest is then allocated among the higher education institutions based on their relative amount of capital fund disbursements during that year. The primary source of this information was the Capital Improvement Appropriations Status Report for Fiscal Years 1981 through 2006. Beginning with the Fiscal Year 2004 Cost Allocation Plan, interest expense allocated to the Ohio Board of Regents for bonds issued in fiscal years 1981 and later (shown on Pages A-1 to A-27) have been re-allocated to the individual higher education institutions based on each institution's relative share of gross interest expense. The Board of Regents does not "spend" any state higher education capital appropriations. All expenditures previously recorded as Regents' expenditures in fact were allocated to and spent by state colleges and universities either directly or indirectly through one or more of the Regents' authorized consortia. The effects of this re-allocation are incorporated in the summary data on page A-27.

Finally, the actual interest expenses are reduced by the amount of the interest earnings for FY 2006 attributable to the bond issues covered in this report period, as described below.

Adjustment for Net Interest Earnings

Under past indirect cost agreements between the Ohio Board of Regents and the Federal government, interest expenses are to be reduced by interest earnings to determine the net interest expense. In FY 2006, the net interest expense was determined as follows.

First, the gross interest earnings of the Higher Education Facilities Bond Service Fund and the Higher Education Improvement Fund are determined. The interest earnings of the Higher Education Facilities Bond Service Fund are listed in the Higher Education Capital Facilities, Mental Health Capital Facilities, and Parks & Recreation Capital Facilities Lease-Rental Obligations - Treasurer of State Annual Report and Accountants' Report. The interest earnings of the Higher Education Improvement Fund are taken from State Central Accounting System records.

Second, the net interest earnings attributable to the time period of the indirect cost agreement is calculated by multiplying the gross interest earnings by the percentage that the total interest expense for the time period is of the total interest expense paid for that year. The numerator includes interest expense attributable from FY 1981 to the current year, while the denominator includes all interest expenses paid for the current year (pre-FY 1981 interest expense plus post-FY 1981 interest expense). These amounts are listed in the front matter of each year's indirect cost report.

Third, each institution's share of the total eligible interest expenses is proportionately reduced to reflect the calculation of the total net interest earnings.

As shown below, in FY 2006 the total net interest earnings are \$5,242,089 and the net interest expenses are \$108,354,138.

FY 2006 Gross Interest Earnings

Free d	FY 2006 Interest Earnings
Fund	FI 2000 interest Earnings

Higher Education Facilities Bond Service Fund

Higher Education Improvement \$57,499

Total Gross Interest Earnings \$5,184,590

\$5,242,089

Allocation of FY 2006 Interest Expense:

1. Total Gross Interest Expense Paid in FY 2006: \$113,596,035

2. Total Interest Expense Paid for Pre-FY 1981 Issues (Ineligible): \$0

3. Total Interest Expense Paid for Issues from FY 1981 - FY 2006: \$113,596,035

Allocation to Adjust for Refunding Older Issues

4. Total Interest Expense from #3 Allocated to Pre-FY 1981 Issues

Due to Refunding (Ineligible):

\$0

5. Total Interest Expense from #3 Allocated to Issues from FY 1981- FY 2006 (Eligible): \$113,596,035

Determination of FY 2006 Net Interest Earnings

6. Ratio of Gross Eligible Interest Expenses (#5) to Total Gross Interest Expenses (#1):

= \$113,596,035 / \$113,596,035 = 1.000

7. Proportionate Adjustment of Gross Interest Earnings:

= 1.000 X \$5,242,089 = \$5,242,089

Determination of FY 2006 Net Interest Expense

Total Eligible Interest Expense From FY 1981 to FY 2006 (#3): \$113,596,035

Less Net Interest Earnings (#7): (\$5,242,089)

FY 2006 Net Interest Expense: \$ 108,353,946

¹ Pursuant to section 135.21 of the Ohio Revised Code, the Office of Budget and Management has allocated interest earnings of \$5,184,590 to the Higher Education Improvement Fund in FY 2006.
